THE CAST OF CHARACTERS

During the war against Mexico, the unwelcome immigrants had the option of flight. In the process, however, Texas's economic and ethnic structure shifted from one dominated by free Anglo-Americans—mostly Kentucky-based Transylvania men—to one dominated by the newly poor and enslaved to slavery. Texas's role in the war against Mexico was to provide the transportation of the slave population. During the war, the Confederacy attempted to capture Texas, but failed to do so. In the process, the Confederacy lost the war, and the United States won the war. The Confederacy's loss was a result of the war against Mexico, and the Confederacy's loss was a result of the war against Mexico.

Odours L-10 only told the initial investigators possible false bottom in evidence of a plane and other mysterious events happened around the old boat. Even he discovered the extent of the crash, he sent to Washington to military mobile command. It's a very special case for odours, but even with technology and porting. One the Indian bunker was killed by jets of the Western, here had a major battle with the odours.

NEW
STYLING

THE STORY SO FAR...

Windale, a forgotten town at the sea end of the American West. Ain't much of a place to live, but it's home. Like any frontier town, the people of Windale have had their share of problems, but we've persevered. We've even managed to remain free of that damned plague what's been turning people into zombies. But there are some new folks 'dassin' in who would sully the good town's name. First we get those self-righteous pricks of Michael's word. They claim to work for the lord, but any lord that would kill innocent children is no lord of mine. Then there's this pale fella, goes by the name of Ivan Ivesco—real angry samuraiish. Legends say where he goes, trouble follows.

Oh, yeah, let's not forget about our mysterious neighbor, Neko. She takes care of those freaks and cripples what got that virus just outside of town. Don't get me wrong, I don't wish these folks ill, but in times like these, we can't risk having them queer/croble types around. Neko—she's good people. But, if she's gonna stick up for those queer folk, well—let's just say I know where my loyalties lie, and that's with Mr. Dudley.

WAIL AND
SLAUGHTER

THE
STENCH
OF THE
DEAD... WILL
RISE TO THE
HEAVENS...
GLORY.

AND THERE
IS... BLOOD
WILL MELT
MOUNTAINS...

...LIKE THE
JUDGEMENT...
THAT STRUCK
THE UNRE-
PENTANT
GENTILES...

ON THE
LAST
DAY...
HE WILL
STAND
BEFORE
HIM...

...AND BE
EXALTED...
WITH HIM...

IN THE NAME
OF FATHER...
THE SON...
AND THE HOLY
SPIRIT...

A...MOSH.
